TEACHER DIRECTIONS

Each Friday I have the students fill out their "rearview mirror" with pictures and key words/vocabulary from different topics we've learned about that week. It serves several purposes:

- It is a wonderful way for me to assess what they're retaining and which activities they are really enjoying
- It lets parents know what we've been doing in class and serves as a talking point on Friday nights

Once the mirrors are filled out, you can do a number of things with them:

- Send them home each week
- Collect them in a folder called "My YEAR in Rearview" to send home at the end of the year as a reminder of all the students have learned
- Put them up on a bulletin board
- Keep them in student portfolios

*This could also be a good review for a particular subject/topic. For example, I've used it at the end of a social studies chapter: "1920s in Rearview" (See page 3)
